APPEALING AGAIN TO NOBLE.

It is Known Beyond Question He Will Not Order a Recount.

Secretary Noble has received another letter from Supervisor of Public Records Kenney of New York in which he refuses to allow the census books to go out of his possession or to deliver them to the Secretary, Mr. Kenney, in concluding, says:

Two questions are before you for determination under Mayor Grant's appeal, viz:

1. Will you examine the police enumeration books, and compare them with the Census Bureau's records?
2. Having examined and compared them, will you not decide that there shall be a recount in the city of New York?

Until you have examined and compared the books there is nothing for you to consider but matter which were within your knowledge when you made your recent decision. By accepting my offer you will provide yourself with everything necessary to a full and final consideration in the case.

THE LAND SLID.

The Democratic Party Sweeps the Country.

SURPRISING GAINS EVERYWHERE.

McKinley is Probably Defeated, Despite the Monopolists' Boogie.

PATTISON IS SURELY ELECTED.

The House Will Be Overwhelmingly Democratic, and Boss Read Will Step Down—Latest Dispatches.

New York.

NEW YORK, Nov. 5.—The Times says: The Democrats have completely overthrown the Republicans in the House of Representatives. The Fifty-second Congress will consist of 363 members, as follows: Democrats 201, Republicans 129; Democratic majority 72.

NEW YORK, Nov. 5.—The Sun this morning says editorially of the election: The anti-Democratic combination in New York city was as varied as the vicissitudes of the weather. The National Democracy has wrestled its way during the last six years. Those who had worked themselves into it were false pretenses of friendship locked arms with the guerrillas already there, and ranged themselves in front of the Republicans. The men who had vilified it with misquoting, who had stabbed it with ordinary treachery, and who up to that time had fought it with honest hostility were all on one side, with different motives, but with the single purpose of demoralizing and making its power in the metropolis.

"It has elected its candidate by a majority which shows that in the next great canvass, when its enemies will no longer be left with any cover of deception, its strength will be as preponderant as its victory as the national Democracy desire. It was for that that the Democratic South and Northern Democrats hoped. They have won."

The World says: The next House of Representatives will be Democratic by 70 majority.

BROOKLYN, N. Y., Nov. 5.—The

last returns from the Third Congressional District indicate the election of Condit, Dem., by a majority of 14. It is believed, however, that the official count will be necessary to decide the question. Mr. Wallace (Rep.), the challenger, has been defeated, and was elected to the Fifty-third Congress by a majority of 2,445.

UTICA, N. Y., Nov. 5.—The

indications are that Van Horn (Dem.) is elected to Congress for the long term in the Twenty-fifth district, and Pindar for the short term.

MASSACHUSETTS.

BOSTON, Nov. 5.—The Journal (Rep.) says this morning: "The election in Massachusetts yesterday resulted in the choice of Hon. William E. Russell, the Democratic candidate for Governor, but they do not indicate that his success carried with it the election of any of the Democratic candidates for the other State offices. In the Congressional districts also no further change was made. The Republicans secured several districts which had been regarded as safe having been carried by the Democratic candidates."

The total vote of the State for Governor, when the returns are in, is heard from, is 282,000. Of this aggregate Russell received 139,947; Brackett 129,000 and Blackman 13,052.

The returns for Lieutenant Governor are not so near completion as those for Governor, but, as far as they go, they give Curran (Dem.) 129,044 and Hale (Rep.) 129,003. Curran's vote everywhere approaches more nearly that of the ticket than in the districts, and there is no doubt of his opponent's election. The only other general State office for which returns were collected was that of Auditor and they show that both candidates fell far below their leaders. The vote as received shows for Ladd (Rep.) 107,167; for Trefry (Rep.) 116,752.

There is no doubt on the question of the election of Republican candidates for Treasurer, Secretary and Attorney General, but on a canvass will determine the matter definitely. This can be done promptly by collecting the returns from the clerks of the 351 cities and towns of the Commonwealth, as the official returns made to the Secretary of the Commonwealth would not be available for more than ten days.

In the Congressional districts the returns of 3,300 m. w. were: First district, Randall (Rep.); Second, Morse (Rep.); Third, Andrew (Rep.); Fourth, O'Neil (Dem.); Fifth, Hens (Dem.); Sixth, Lodge (Rep.); Seventh, Cogswell (Rep.); Eighth, Sherman (Dem.); Twelfth, Crosby (Dem.); four Republicans and five Democrats. The districts remaining are the Ninth, Tenth and Eleventh, and the results were in doubt. In the Ninth district the situation was that Candler (Rep.) had a plurality of 10, with Blackstone, Lincoln and Northmen to be heard from. These are the towns in which the vote of the two parties in the aggregate would about balance.

In the Tenth Walker (Rep.) was slightly ahead, however, one precinct

from Worcester to be heard from. There seemed to be substantially no doubt of his election.

The election of the Governor indicates the election of the President. There is a plurality of 16, this result having been produced by the independent candidacy of Myron F. Walker. A recount will probably be necessary. The Senate stands: Republicans 18, Democrats 17, to be heard from. The House: Republicans 129, Democrats 97, to be heard from.

Three Democratic and twenty-seven towns and cities vote predictably, giving Blackman 10,628, Brackett 127,026, Russell 104,372. Russell's plurality is 8,446.

The same places last year gave Blackman 16,373, Brackett 129,357, Russell 116,707. Blackman's plurality 9,599, and Democratic gain 18,226.

Boston, Nov. 5.—The Tenth Congressional district, with only one precinct in the city of Worcester lacking, gives J. H. Walker, Democrat, 10,707; C. B. Pratt, Democrat, 10,329; Small, Republican, 685. The district in 1888 gave a Republican plurality 1,915.

The Seventh Congressional district gives Wm. Cogswell, Republican, 12,512; J. H. French, Democrat, 10,900; Spaulding, Prohibition, 673; Republican plurality 1,612. In 1888, 4,572.

The Twelfth gives John C. Crosby, Democrat, 12,105; Francis V. Rockwell, Republican, 11,712; Basson, Prohibition, 574; Democratic plurality, 391. In 1888 a Republican plurality of 2,627.

In the Ninth district Candler (Rep.) with Blackstone, Ashland, Northboro and Lincoln to hear from, has 65 plurality.

These towns in 1888 gave a Democratic plurality of 284. This would indicate the election of Williams (Dem.). The Eleventh district, with two towns lacking, and following the same plurality in these two Wallace had in 1888, elects Coolidge (Dem.) by 16 plurality. With Williams and Coolidge elected in the Ninth and Eleventh districts as now seems probable, the Democrats have chosen six, tying the delegation, a gain of four.

Governor elect Wm. E. Russell said to reporter late last night of the result in Massachusetts: "The one supreme question was the tariff question, and the result means that Massachusetts stands absolutely opposed to the high-tariff policy of the Republican party as embodied in the McKinley bill. The one supreme question was the tariff question, and the result means that Massachusetts stands absolutely opposed to the high-tariff policy of the Republican party as embodied in the McKinley bill."

PHILADELPHIA, Nov. 5.—Returns from 63 of the 67 counties in the State give Pattison (Dem.) for Governor 4,792 plurality. The two missing counties are Elk and Warren. In 1888 123 gave Black (Dem.) 682 plurality and Warren County gave Beaver (Rep.) 1,045 plurality.

Returns from the 28 Congressional districts indicate the election of 18 Republicans and 9 Democrats, with the Twenty-fifth district doubtful. There were 20 Republican candidates in that district, one of whom is probably elected.

The present delegation in Congress is 21 Republicans and 7 Democrats. The Republican majority on joint ballot in the Legislature is 100. The Democratic majority in the House is 70. The Republican majority in the Senate is 100. The Republican majority in the State is 100.

The election of Pattison by over 5,000 plurality indicates that the Republican leaders and journals. The Democrats have certainly gained two Congressmen, and the figures are so close in three other districts that the official computation will not be long in coming. The Democrats remain strongly Republican, although the joint ballot majority of 102 Republicans will be reduced.

Waters, the Democratic candidate for Lieutenant Governor, and Stewart, Republican, probably will be elected. Internal Affairs, are elected, notwithstanding the defeat of the heat of the ticket.

Following is the total vote of this city for Governor, Delawarean (Rep.) 105,893; Pattison (Dem.) 55,111; Gull, Rep. 771; Rynder, Labor, 25; Delawarean's plurality, 50,782.

MEADVILLE, Pa., Nov. 5.—Crawford County, the home of Delawarean, gives Pattison a majority of 980.

SAN FRANCISCO, Nov. 5.—Returns from a scattering portion of Washington indicate a tight race, with Democratic gains. Carroll (Dem.), for Congress, running ahead of his ticket.

Clunde (Dem.) is running behind his ticket in the Fifth Congressional district and is probably defeated. The election of Coolidge (Rep.) in the Fourth and the reelection of McKinley (Rep.) in the Third is indicated. Returns from the other three districts are meagre.

Complete returns from every precinct in this city are now in. They show a total vote of 59,494, of which the Republicans polled 29,055; the Democrats, 24,517; Reform Progress, 1,550; American, 301; and Prohibitionists, 145.

Markham (Rep.) for Governor apparently maintains the average majority of Harrison in 1888, which would insure his election by a safe vote. In the Congressional districts McKinley (Rep.) in the Third and Powers (Rep.) in the Sixth are apparently elected, the former by a reduced majority.

Nothing whatever is known as to the Fourth Congressional district, as the returns being in the city of San Francisco. The First and Second Congressional districts are claimed by both the Republicans and the Democrats, and the Republicans claim that Lord (Rep.) has defeated Clunde (Dem.) in the Fifth.

reatched tickets in twenty precincts out of seventy-six in the county give Yeaman, Democrat, for Governor, and Dodwell, for Congress, 3,757. If all, Republicans, for Governor, and Yeaman, for Congress, 4,355.

The Republican vote is divided on the Legislative ticket in these precincts so as to give the Democrats a majority of 578.

But the returns from the other precincts indicate the Democrats have generally elected the Treasurer, Attorney General and Superintendent of Public Instruction. The vote on the remainder of the ticket will likely be in favor of the Democrats.

An unusually heavy vote was cast here yesterday and throughout the State. At the Democratic headquarters Chairman Arnsperg claims the election of the entire ticket by 5,000, on the basis that 50 per cent of the registered voters have been cast. Chairman Ashley of the Republican committee, while admitting that the State Treasurer, Attorney General and Superintendent of Public Instruction are doubtful, is satisfied that they will elect the remainder of the ticket, including the Legislature.

OHIO.

COLUMBUS, Ohio, Nov. 5.—Governor Campbell, when asked last night to what he attributed the large Republican gain in Hamilton County, said: "It is the result of the fact that Hamilton County did not approve of the course of their representatives during the extraordinary session of the Legislature. In my opinion, the Legislature was a failure. I fall to judge the result correctly."

The Republican State Committee has conceded the defeat of Poorman in the Seventeenth, Lewis in the Thirteenth, Ireland in the Eleventh, and the Republican majority in the Eleventh, Eighth, and McKinley in the Sixteenth.

WOOSTER, Ohio, Nov. 5.—Wayne County gives Warwick (Dem.) for Congress a majority of 450 over McKinley. Cincinnati, Ohio, Nov. 5.—The Republican and Democratic State Central Committees have no late news from McKinley or Foster's districts.

DETROIT, Mich., Nov. 5.—A private telegram from Governor Campbell of Ohio to the Hon. John M. Dickinson says: Latest reports of the McKinley case indicate that McKinley and Foster are both defeated and that we have elected 14 Congressmen.

TOLEDO, Ohio, Nov. 5.—Hare's majority over Foster in this district is about 550.

CINCINNATI, Ohio, Nov. 5.—The Times Star has a special dispatch from Canton dated 8:30 a. m. saying that the estimate made for the Sixteenth district elected Warwick, Dem., by 244.

CHICAGO, Ill., Nov. 5.—Four hundred and forty-eight precincts heard from show the probable election of Frank Lawler (Dem.) for Sheriff, Edward Henry (Dem.) for State Treasurer, Henry Babb (Dem.) for State Superintendent, Charles Kern (Dem.) for County Treasurer, Albert Kane (Rep.) for County Superintendent (Public Instruction), and H. S. Smith (Dem.) for president of County Board.

The county clerkship is in doubt. The Democratic Judiciary ticket is also probably elected. The Democrats elect Lawrence for Congress in the First district, Lawrence for Congress in the Second and Allen in the Third. The Republicans elect Goodman for Congress in the Fourth district.

The Democrats are claiming the defeat of Congressmen in the Fifteenth, Twelfth, and Thirteenth districts, but the Republican State Committee claims Cannon's reelection by 500 majority.

The figures thus far received on the State ticket are such a meagre character that no definite conclusion can be reached, as yet, with regard to the result.

The latest figuring, based on unofficial estimates, returns from twenty counties including Cook place Amberg's plurality at 13,500. Harrison, two years ago, carried the same counties by about 15,000 plurality. Both State and Congressional committees are claiming the State. The returns received are mostly from the north half of the State, and there fore leave the result in great doubt.

NEW HAMPSHIRE.

CONCORD, N. H., Nov. 5.—Returns from 129 towns give Tuttle (Rep.) 29,509; Amosden (Dem.) 24,154; Fletcher (Rep.) 2,341. The same places in 1888 gave Tuttle 29,509; Amosden 22,199; Carr (Rep.) 504. Republican loss 195. Henry W. Clapp (Rep.) has been elected Mayor by a majority exceeding 500. The Democrats carry Merrimack County, probably electing all their nominees.

Latest returns show Amosden (Dem.) for Governor, leads Tuttle (Rep.) by upward of 1,000, but the probabilities are that the Republican ticket will prevail. Amosden (Dem.) 22,199; Carr (Rep.) 504. Republican loss 195. Henry W. Clapp (Rep.) has been elected Mayor by a majority exceeding 500. The Democrats carry Merrimack County, probably electing all their nominees.

There is no doubt that McKinley (Dem.) is elected to Congress in the First district, while the Republican ticket is elected in the Second district. The Legislature is very close, and its control will undoubtedly be determined by special elections held to-day. There is no chance of Governorhood by the present ticket.

ST. PAUL, Minn., Nov. 5.—Both parties are claiming a victory in North Dakota, but some dark stories are being told. The figures so far received, however, are favorable to the Republican ticket.

Governor Meritt is undoubtedly elected, but by a majority reduced materially—probably from 2,000 to 1,000. The Legislature is close. Something will be known as to the result of the Congressional election. Both sides are claiming gains.

DES MOINES, Iowa, Nov. 5.—The State Register says: The returns indicate a plurality of 4,000 to 10,000 for the Republican State ticket over the Democrats. The Democrats are claiming gains.

claiming the election of their ticket, but the Republicans are holding to it. The returns so far received are mostly from the towns and the city ward and the probabilities are that the country towns will show increased gains for Republicans. Congressmen Henderson, Struble, Hall, Wick and Pollock are surely elected.

The Democrats have elected Hayes in the Second district. All other districts are doubtful, with probabilities most of them in favor of the Republicans.

NEW JERSEY.

JERSEY CITY, Nov. 5.—The complete returns of yesterday's election show that the Democratic candidates are elected by substantial majorities. The vote was as follows:

For Congress: McDonald (Dem.), majority 1,940; for Assemblyman, First district, Mullone (Dem.), majority 139. Second district, Byrnes (Dem.), majority 163; Smith (Rep.), 70 majority. Fourth district, Moran (Dem.), majority 2,041; Fifth, Pettit (Republican), majority 211; Sixth, Prester, Democrat, majority 175; Seventh, Madden, Democrat, majority 1,848; Eighth district, Boyle (Dem.), majority 1,000; Ninth, Daly (Dem.), majority 1,131; Tenth, Lasher (Dem.), majority 1,392.

The legislative delegation is unchanged from that of last year in point of numbers, the Democrats electing 5 members and the Republicans 29.

WISCONSIN.

MILWAUKEE, Wis., Nov. 5.—Reports indicate that the Democrats have carried the State and elected George W. Peck Governor. Peck carried Milwaukee County by 6,000 plurality. Returns give him 5,308 now, with a Democratic majority in the city of Milwaukee. Peck charged Brown with undue intimacy with his wife the day after the assault began divorce proceedings against her. On motion of the attorneys of the defendant, Messrs. Lipscomb, Fields and Bell, the trial was postponed until next Monday.

Joseph Purcell, charged with grand larceny in stealing \$90 from a fellow servant, Mary Doyle, at 944 New York avenue, was taken up.

THE BRITISH LION'S BIG BITE.

A Huge Slice of Africa Bitten by the Greedy Beast.

The territory of the fierce Barots, who range over 225,000 square miles of land above the famous Victoria Falls, on the north side of the Zambezi River, has fallen under British colonial protection. The King of the Barots has solemnly promised to abolish the killing of allied witches and the terrible custom of human sacrifice.

Nothing of importance is done among the Barots without a human sacrifice. In most cases a child. First the fingers and toes are cut off, and the blood is sprinkled on the head, drum, house or whatever may be the object. Then the victim is then killed and thrown into the river.

The burning of men for witchcraft is common on a terrible extent. Not a day passes but some one is tried and burned.

NEW ROCK CREEK PARK COMMISSION.

The National Rock Creek Park Commission having finished their labors in defining the boundary lines of the Park and the approximate value of the land, another commission, consisting of General Casey and two of the District Commissioners, will henceforth determine the amount of money to be asked for from Congress for the laying and embellishment of the Park, which will cost a large sum.

WASHINGTON BOARD OF TRADE.

The annual meeting of the Washington Board of Trade for the election of ten directors will be held in the dining room of the Arlington Hotel on Monday night next. At the same time the programme for the coming century of the National Capital will be submitted for consideration. On the following night the gentlemen interested in the coming century of American commerce will meet at the Board of Trade rooms to perfect their plans.

HARD TIMES COMING.

From the *Chicago Tribune*.
To make matters worse for the administration the rush of imports which poured money in a golden stream into the Treasury. In anticipation of the divided McKinley tariff act, will be followed by a swift decline. But there can be no corresponding falling off in the volume of exports. The Treasury will therefore have to trim its sails to meet a condition of emptiness, with no available surplus on hand with which to counter the dangers of speculation and to the relief of the money market. The Treasury for the next year or two will be in the condition of a plucked goose.

Nothing is Going Down.

From the *Chicago Tribune*.
All the developments of McKinley last week against the consumer. The prices of the place and other articles on which there is to be an advance of 10 per cent have been advanced accordingly. But the price of sugar, which is about the only article of necessity on which the duty has been or is to be reduced, has not fallen. We get at once the picture of the high dollar, but when it is all over, it will be the result of the lower ones, notably shoes.

MORE THAN FORTY-TWO NEW.

From the *Chicago Tribune*.
Two factories in America, making the heaviest French plate glass, the last upon which has just been placed in part. One of these establishments is at Cranford, Pa., and the other is at Pittsburg. Of course, these glassmakers were suffering on account of inadequate power. Last year they were able to dispose of only 95 per cent. It is interesting to note that they have now a reserve of 100 per cent. There is no American glass of this quality.

TRUE IRISH SHAMROCK.

How the Little Plant Grows and What It Looks Like.

In Ireland only one shamrock is known. It is an indigenous species of clover, which trails along the ground among the grass in meadows, woods, American fields and gardens. The trifoliate leaves are not more than one-fourth the size of the smallest clover I have seen in America, and are pure green in color, without any of the brown shading of white and pink clover.

The creeping stem is low and flaccid, and is difficult to disengage from the earth. On St. Patrick's Day the shamrock is to be searched out among the grass, for though comparatively plentiful at that season, it grows close to the ground.

Later it bears a tiny "white brown" flower. The information that the shamrock is the Arabic word for "trefoil" may be of service to those interested in the origin of the Irish race.

The word could have been introduced into the Middle Ages, as may be seen in an argument in support of the contention that one of the lost tribes of Israel settled in Ireland, which has been revived by the publication of a recent book.

IN THE CRIMINAL COURT.

The Sensational Parker-Brown Shooting Affair to Have an Ending.

G. Thomas Parker, charged with assault with intent to kill, was arraigned before Chief Justice Brigham in the Criminal Court this morning. The assault was made upon Dr. Gustavus H. Brown in the latter's dentistry rooms on Fifteenth street, on September 3 last. Parker charged Brown with undue intimacy with his wife the day after the assault began divorce proceedings against her. On motion of the attorneys of the defendant, Messrs. Lipscomb, Fields and Bell, the trial was postponed until next Monday.

Joseph Purcell, charged with grand larceny in stealing \$90 from a fellow servant, Mary Doyle, at 944 New York avenue, was taken up.

THE MISSING ARCHDUKE.

Austrian Consuls Ordered to Look Out for Him.

VIENNA, Nov. 5.—Count Kalnoky, the Minister of Foreign Affairs, has just forwarded a circular dispatch to all the Austrian Consuls in America, requesting them to use their utmost endeavors to hunt out the Archduke Johann, who is now called Captain John Orth.

He has not been heard of for nearly four months, since he left Montevideo on July 11 last, for Valparaiso, in his ship the *Sveet Margreth*. It has since been ascertained that heavy storms were raging when the Archduke's ship left.

TWO MEN KILLED.

They Quarreled Over the Election and Others Were Hurt.

RICHMOND, Ky., Nov. 5.—A serious difficulty occurred yesterday at Irvine, where John Wilson, Superintendent of Public Schools, and Dr. Lilly, son of Judge Lilly, were killed. Grant Lilly was also seriously wounded. Several others were slightly hurt. No details were learned here save that it was over the election, one being a Republican and the other a Democrat.

Price of Champagne Excessively.

NEW YORK, Nov. 5.—The hotel men of this city met yesterday and agreed upon the following schedule of prices for champagne, to go into effect at once. Half bottle, 25 cents; quart, \$1. The hotel men say they were forced to this step on account of the importers putting up the wholesale price. The importers, in their turn, excuse their action by saying that they were forced to it by the operation of the McKinley act.

Daring Robberies by Masked Men.

NEW ORLEANS, Nov. 5.—A specialist in the *Plague from Carthage*, Tex., says: The case of Watson and Chadwick, about five miles from here, was entered by masked men on Monday night, who compelled Joe Watson, one of the proprietors, to open the safe, which they secured \$800. Later another storekeeper was robbed of \$120 by the same men. There is no clue to the identity of the robbers.

North Dakota.

BEND, N. D., Nov. 5.—Captain A. H. Burke (Rep.) for Governor, is elected, and the balance of the Republican State ticket will have pluralities ranging from 1,000 to 7,500.

Shortage in His Accounts.

PORT WATSON, IND., Nov. 5.—Jasper Wisley of this city, cashier of the Empire Life-Endowment Company, has disappeared. He is supposed to have left the amount is not yet ascertained.

Two Brothers Killed.

AUSTIN, Tex., Nov. 5.—A row at a polling place, thirty-four miles west of here, two brothers named Bell were killed.

Revere Glass Theatre.

"The Rose and the Tally" is the title of the play which will be produced at Revere's Opera House, next week, and will be the most successful of the season. The play is a comedy, and will be the most successful of the season.
